Veradigm
Dhaka, Bangladesh

Dear Sir,

I am writing to express my interest in the Software Engineer position at Veradigm, located in Dhaka, Bangladesh. With a strong background and practical experience in ASP.NET MVC, ASP.NET Core Web API, and Angular, I am eager to contribute my skills to your esteemed organization and assist in achieving its objectives.

Having dedicated the past year to refining my skills in ASP.NET MVC, I have specialized in developing robust and scalable web applications tailored to meet the specific needs and expectations of clients. My expertise extends to ASP.NET Core Web API development, where I have been instrumental in creating RESTful services to power modern web applications, ensuring seamless communication between the frontend and backend systems.

Furthermore, my proficiency in Angular has enabled me to design dynamic and responsive user interfaces, enhancing user experience and engagement. I have successfully conceptualized and deployed web-based applications, including an Angular Shoe Store, offering customers a seamless browsing, ordering, and interaction experience with various products.

I am genuinely excited about the opportunity to potentially join your team at Veradigm and contribute to the company's ongoing success. Enclosed is my resume for your review, and I would welcome the opportunity to discuss further how my skills and experience align with the needs of your organization.

Thank you for considering my application. I look forward to the possibility of discussing my qualifications in more detail and exploring how I can contribute to Veradigm's growth and development.

Warm regards,

Md. Firoz Ahmed
